

October Newsletter 2017

Well once again we have survived another busy Summer season, so thank you all for your support, as we know how hard it must be to juggle your work commitments with the mid week racing fixtures, to entertain all the holiday makers that have visited us during that time. And also huge thanks goes to those who have supplied their vehicles for display during the season as well.

Skeggy Stadium on tour

Buxton promoter has expressed how pleased he was with the racing provided by 1300 Saloons, GT Hot Rods, & MD Rods. And we can also confirm that contrary to rumours. the promoter will still be running the 1300 Saloon formula.

Booking in to Race

Thank you to all the drivers that take the time to book in to race, as by booking in to race, it enables us to give out accurate booking lists for the public, and also enables us to plan the race formats for the meeting. It is especially important to book in for Championship meetings to enable us to finalise grids etc. We know that is not always possible, but if you do intend on racing, but unsure on whether you are able to due work etc, then you can always book in on a provisional booking, so we know that you are intending on racing if circumstances enable you to, and then you can confirm or withdraw the booking nearer to the date of the meeting. Just as it is important to book in, it is equally important to cancel a booking if you have already booked in to race, and for whatever reason you can no longer honour that booking. It would be nice to think that we could get to 100% bookings.

Booking in has never been easier, you can either book in by text (or reply to the booking texts when sent out) on **07798868947**, by email to bookings@skegness-stadium.info or via the **Skegness Raceway Drivers page** on Face book, either by private message or when a provisional booking list goes on, put your booking in the comments.

There are still a few meetings left for this year, so keep an eye out for your booking texts, and bookings on the Skegness Raceway drivers page. And please keep us informed of any changes in contact details, whether it is email address or phone number.

Just a few reminders

Pit area

*The pit area (including the camping area) is not a test track, so its 5mph everywhere! No passengers to be carried in the cars in the pits, and also you can't ride on moving trailers, flatbeds etc when in the pits. Pit Safety is a must!

*Drivers need to stop pit lane racing, in particular drivers parking their car in line but not staying within their car and instead walking off. This causes all sorts of problems, and potentially quite serious especially when it's near the ambulance area.

Internet Abuse

Please note anything put on Face book or other social media by a driver or someone associated with a driver can be subject to disciplinary action.

Drivers Rep Meeting

There will be a Drivers rep meeting on the 13th October to discuss items for the 2018 season.

If you have any matters that you would like bringing up at the meeting, please can you contact a drivers rep for them put it forward.

Annual Trophies

Can any drivers that have won any annual trophies please remember to bring them back.

Junior Bangers

Junior bangers formula will be reintroduced to the racing calendar for 2018, so look out for the dates on the 2018 fixture list when it's released.

BOC

Rookie Banger 221- Jordan Storr

Full Orc ban due to car build irregularity

6 months with one year suspended from the date of returning to racing for any other breach of construction rules. RTR 28/05/2018

News & Information

- It is an ORCi rule in all formulas that a fully operational Fire Extinguisher is kept with all tow vehicles and its position is known to all your pit crew. At your next meeting can you take this fire extinguisher to scrutineering bay to be checked.
- Drivers are reminded that they cannot race at non ORCi circuits whilst they hold an ORCi Licence.
- **FUEL NON RETURN VALVES**

Fuel Non return valves were included as an ORCi requirement in Oval Race formulae some time ago.

In 2016 there was a high profile case involving a Non return valve not being fitted in a particular formula that was dealt with somewhat leniently at the time given some more general issues with regards their fitting and scrutineering with the anticipation that this would be an example to raise the awareness to all drivers that a fully operational/working Non return valve **MUST** be fitted.

In recent weeks various investigations have revealed that drivers continue to abuse the rule from taking cars to scrutineering and then removing them or fitted and tampered with.

From the 1st May 2017 drivers are now warned that contravention of this rule **WILL** result in an automatic mandatory ban under the technical rules/ penalties of 6 months. This applies to any driver not having a fully working non return valve fitted and/or it being tampered with in any way

Skegness Unlimited Banger Team Reunion 2018

2018 sees Skegness Raceway hosting a throwback to Yesteryear with an Unlimited Banger team Reunion on **Sunday 17th June**. We have thought about running a similar meeting for the last couple of years but the emphasis was very much on one particular team reuniting and, for one reason or another, hasn't quite materialised. For 2018 the meeting will definitely go ahead with Promoter Rob Speak making it an 'Open House' for any of the teams from years gone by to come out to play along with those from today's generation.

In keeping with those good old days we aim to recreate, the cars will be of the PRE 85 Spec, with the likes of Granada's, Jags, and Volvos etc. It will be teams of 4 drivers and details on Engine Specs and the substantial prize fund (aimed at both racers and crashers) will be confirmed soon.

So make that a date for 2018, Skegness raceway, **Sunday 17th June**, Unlimited PRE 85 bangers racing in a 4 a side team championship.

As a reminder please show your fellow drivers respect when on track and remember it is NON-CONTACT racing. Sometimes contact does happen but we must do our best to avoid it. Also if a car is approx. 3/4ths up the inside of you, you must give that car the respect and they now have the inside line and not turn in on them. This has been an unwritten rule (which will be added to the existing written rules) for about 60 years in Oval Racing.
